A new mental health awareness programme for young people

AWARE
OVERCOMING DEPRESSION.
CHANGING LIVES.

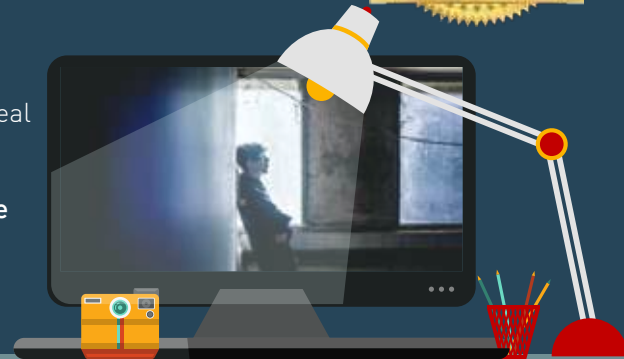

Mood Matters is an exciting and interactive programme which gives young people knowledge and skills which they can use to help maintain good mental health, build resilience and deal with problems in their lives.

It incorporates a range of delivery methods including group activities, discussions, video clips, animation, music and fun activities to appeal to all learning styles and engage with participants.

Mood Matters is delivered in schools to young people in the 14-18 years age range and fits well into the school curriculum e.g. Learning for Life and Work or as part of a pastoral care programme. It may also be delivered to young people in other appropriate settings.

AWARE

OVERCOMING DEPRESSION.
CHANGING LIVES.
